Recent public milestones

2026-04-06 14:32 - Expanded the public library catalog

Added downloadable guides, visual packs, JSON manifests, and snapshot archives built from the current public materials.

2026-04-06 12:22 - Aligned brand details across support pages

Unified naming across legal pages, feed metadata, and security contact details for the public site.

2026-04-06 12:15 - Polished editorial pages and sharing metadata

Refined copy across public pages and added a dedicated preview image for social sharing.

2026-04-06 11:56 - Cleaned up exposed technical routes

Reduced public exposure of internal-style paths, replaced the default error page, and tightened public-facing responses.

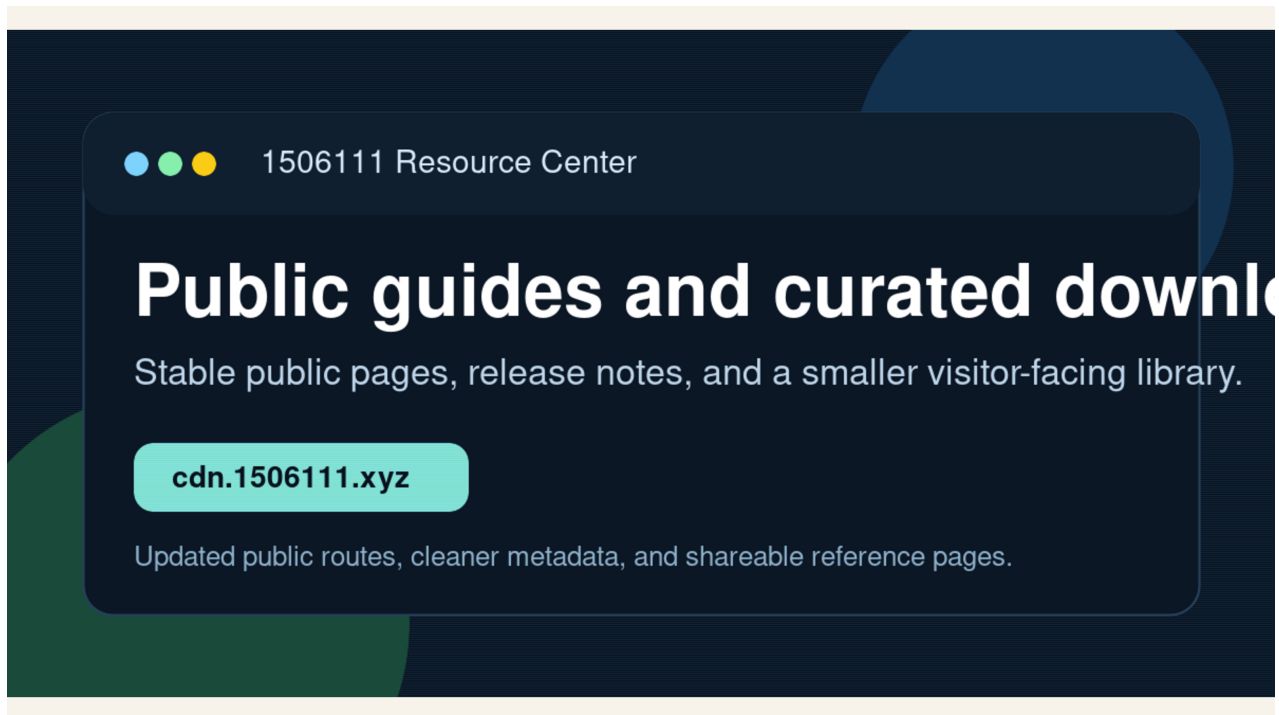

2026-04-03 18:56 - Restored HTTPS delivery for the public site

Recovered the web service, re-established the TLS path, and brought the visitor-facing site back online.

2026-03-29 02:04 - Prepared a resource refresh upload

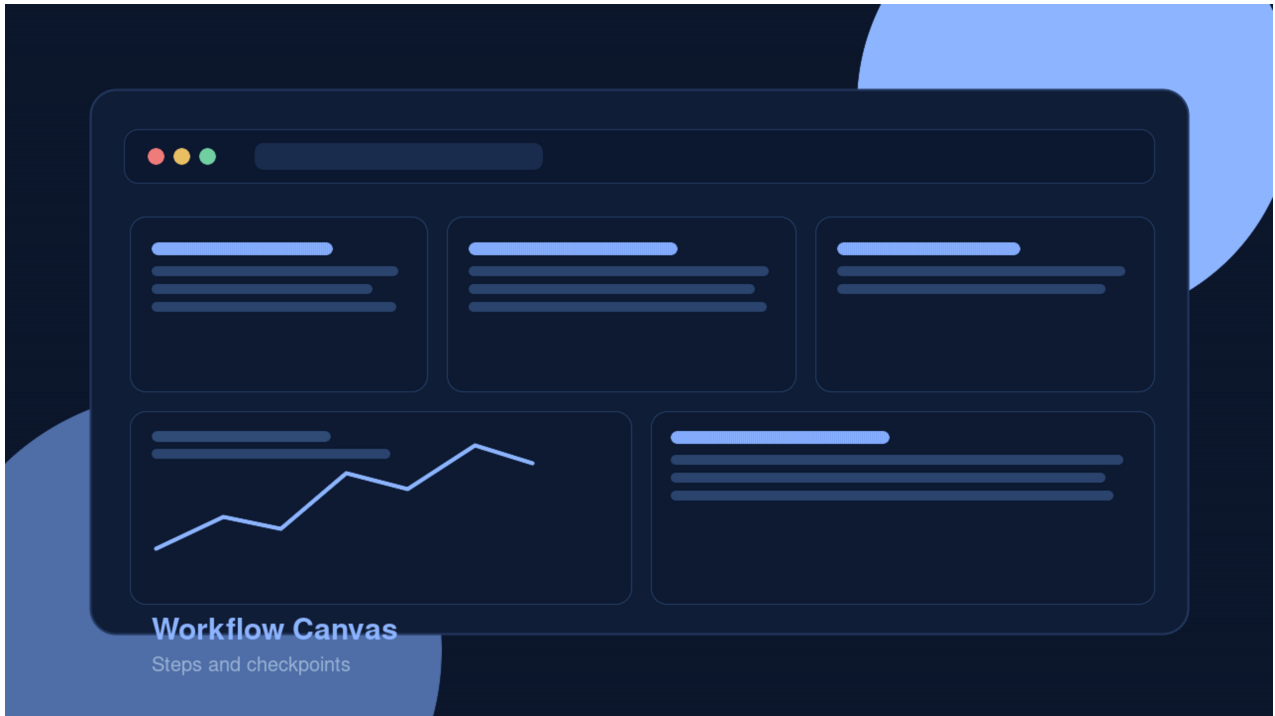

Captured a new resource bundle to support the current public site materials and publishing workflow.
